

QUEBEC DERIVATIVES ACT- PROFITABILITY REQUEST FORM

Counter-parties to CMC Markets Canada who reside in the province of Quebec are entitled to data on client profitability in the previous fiscal year. To obtain this data, please fill out the fields below and email a completed copy to clientmanagement@cmcmarkets.ca

The client profitability data provided is based on the total realized and unrealized trading profit and loss during the previous fiscal year—including clients who either placed a trade or held a position during this period of time. The calculation is net of fees, commissions, interest income and any other charges although those may be included in the price of the product or the spread. The deposits and withdrawals of funds made by a counterparty during the same fiscal year are also excluded from the calculation.

CMC Markets Canada Inc. client profitability data in the last fiscal year will be sent to the provided email below once the completed form has been received by the CMC Markets Canada client management team:
