

MULTI-ASSET REBATE SCHEDULE

(Effective from 23 February 2026)

CMC Markets Singapore Pte. Ltd. (“CMC Markets”)

Unless defined in this Schedule, capitalised terms have the meaning set out in the CMC Markets’ Terms of Business – Next Generation and the Monthly Trading Rebate Terms and Conditions. This Schedule is subject to and forms a part of the Monthly Trading Rebate Terms and Conditions and unless expressly stated otherwise, in the event of any inconsistency between the Monthly Trading Rebate Terms and Conditions and this Schedule, the Monthly Trading Rebate Terms and Conditions shall prevail.

Exclusions

1. Option CFDs and Countdowns will not be considered for the qualifying thresholds in this Rebate Program for trading rebates under all asset classes and holding cost rebates.
2. Accounts under the CFD Active Scheme will not enjoy any trading rebates for trades on all forex Products and indices Products along with any corresponding holding cost rebates, but may still earn rebates for trades for (i) shares Products; (ii) commodities Products; and (iii) cryptocurrency Products.
3. You are not eligible to receive rebates under this Rebate Program if you are participating in any bespoke rebate schemes.

Trading Rebates

4. Subject to any exclusions set out herein, if you achieve a tier Level in one asset class, you automatically qualify for Level 1 tier rebates for all other asset classes traded. There will be no automatic qualifications across asset classes for rebates above the Level 1 tiers. Rebates for tier Levels above the Level 1 tier for each asset class shall only be triggered in accordance with the monthly Turnover (as defined in the Monthly Trading Rebate Terms and Conditions) thresholds for that particular asset class. For the avoidance of doubt and notwithstanding paragraph 2 above, trades made on forex Products and indices Products with Accounts under the CFD Active Scheme shall be taken into account when calculating Turnover thresholds for the purposes of determining whether the Level 1 tier has been achieved for forex Products and indices Products. This will in turn determine whether there is automatic qualification for the Level 1 tier in respect of share Products, commodities Products and cryptocurrency Products.
5. The rebate amount rate for a particular asset class will be calculated based on the highest tier Level achieved for that asset class.

6. We will aggregate all monthly Turnover amounts for a particular asset class across all your Accounts registered to the same email address when determining the tier Level for rebates. For the avoidance of doubt, Individual Accounts and Corporate Accounts registered to the same email address will be treated independently for the purposes of rebate tier calculation.
7. Your rebate will usually be credited to your Account within the first few days of the following calendar month.
8. Turnover and rebate amounts are calculated in USD and paid in your Account Currency.

Forex Products

To qualify for rebates on your forex Product trades, your trades on forex Products must be equal to or greater than **\$20 million USD** in Turnover for the calendar month. If your trading activity in the calendar month meets this requirement, the following rebates will be available based on your Turnover:

Tier	Monthly Turnover (USD)	Rebate (USD per million traded)
1	$\$20M \leq \text{Turnover} < \$50M$	\$5
2	$\$50M \leq \text{Turnover} < \$100M$	\$6
3	$\$100M \leq \text{Turnover} < \$200M$	\$8
4	$\$200M \leq \text{Turnover} < \$300M$	\$9
5	Turnover $\geq \$300M$	\$11 (subject to bespoke agreement)

Note: "M" denotes million.

Indices Products

To qualify for rebates on your indices Products trades, your trades on indices Products must be equal to or greater than **\$20 million USD** in Turnover for the calendar month. If your trading activity in the calendar month meets this requirement, the following rebates will be available based on your Turnover:

Tier	Monthly Turnover (USD)	Rebate (USD per million traded)
1	$\$20M \leq \text{Turnover} < \$50M$	\$3
2	$\$50M \leq \text{Turnover} < \$100M$	\$4
3	$\$100M \leq \text{Turnover} < \$150M$	\$5
4	$\$150M \leq \text{Turnover} < \$200M$	\$7
5	Turnover $\geq \$200M$	\$9 (subject to bespoke agreement)

Note: "M" denotes million.

Commodities Products

In order to qualify for rebates on your commodities Products trades, your trades on commodities Products must be equal to or greater than **\$5 million USD** in Turnover for the calendar month. If your trading activity in the calendar month meets this requirement, the following rebates will be available based on your Turnover:

Tier	Monthly Turnover (USD)	Rebate (USD per million traded)
1	$\$5M \leq \text{Turnover} < \$10M$	\$4
2	$\$10M \leq \text{Turnover} < \$20M$	\$5
3	$\$20M \leq \text{Turnover} < \$30M$	\$7
4	$\$30M \leq \text{Turnover} < \$50M$	\$11
5	Turnover $\geq \$50M$	\$15 (subject to bespoke agreement)

Note: "M" denotes million.

Shares

In order to qualify for rebates on your shares Products trades, your trades on shares Products must be equal to or greater than **\$1.5 million USD** in Turnover for the calendar month. If your trading activity in the calendar month meets this requirement, the following rebates will be available based on your Turnover:

Tier	Monthly Turnover (USD)	Rebate (% of Commission)
1	$\$1.5M \leq \text{Turnover} < \$2M$	10%
2	$\$2M \leq \text{Turnover} < \$3M$	15%
3	$\$3M \leq \text{Turnover} < \$4M$	20%
4	$\$4M \leq \text{Turnover} < \$6M$	25%
5	Turnover $\geq \$6M$	30% (subject to bespoke agreement)

Note: "M" denotes million.

Cryptocurrency Products

In order to qualify for rebates on your cryptocurrency Products trades, your trades on cryptocurrency Products must be equal to or greater than **\$1 million USD** in Turnover for the calendar month. Please see the table below to find out how much (in % terms) of the Reference Spread may be rebated if your trading activity in the calendar month meets this requirement:

Tier	Monthly Turnover (USD)	Rebate (% of Reference Spread)
1	$\$1M \leq \text{Turnover} < \$2M$	5%
2	$\$2M \leq \text{Turnover} < \$4M$	10%
3	$\$4M \leq \text{Turnover} < \$7M$	15%
4	$\$7M \leq \text{Turnover} < \$11M$	20%
5	Turnover $\geq \$11M$	25% (subject to bespoke agreement)

Note: "M" denotes million.

"Reference Spread" is defined as the difference between the contract price (i.e. buy or sell price) and the underlying market price for the Level 1 tier, which varies and is determined by CMC Markets from time to time.

For the avoidance of doubt, the calculation of the available rebate(s) is based on the Reference Spread only (which is the applicable Level 1 tier spread), and does not take into account spreads applicable to higher tier Levels (i.e. Levels 2 to 5).

Holding Cost Rebates

You may also be eligible to receive a rebate on the Premium portion of any Holding Costs paid in each asset class based on the highest tier Level achieved among all asset classes. Please see the tables below to find out how much (in % terms) of the Premium portion of any Holding Costs may be rebated in respect of the relevant asset class.

Rebate Discount Rates on Premiums (Forex Products, Indices Products, Commodities Products and Shares Products)

Tier	Rebate (% of Premium)
1	5%
2	10%
3	15%
4	30%
5	50%

Rebate Discount Rate on Premiums (Cryptocurrency Products)

Tier	Rebate (% of Premium)
1	5%
2	10%
3	15%
4	20%
5	25%

Note:

“Benchmark Rate” means, unless specified otherwise by CMC Markets, the risk-free rate, interbank rate or calculated rate (as the case may be) of the relevant underlying of a Product, which shall be a positive value for long positions and a negative value for short positions.

“Holding Cost” means the charges payable by you for open trades held overnight, with such charges being calculated by reference to the sum of the Benchmark Rate and the Premium.

“Premium” means the additional amount charged by CMC Markets above the Benchmark Rate, as determined by CMC Markets in its sole and absolute discretion.

In the context of shares Products and indices Products, details of the relevant risk-free rate or interbank rate are published here (as updated from time to time): <https://www.cmcmarkets.com/en-sg/cfd-trading/holding-costs-explained>.
