

MULTI-ASSET REBATE SCHEDULE

(Effective from 1 December 2025)

CMC Markets Singapore Pte. Ltd. ("CMC Markets")

Unless defined in this Schedule, capitalised terms have the meaning set out in the CMC Markets' Terms of Business – Next Generation and/or CMC Markets' Terms of Business – MT4 (as applicable).

Exclusions

1. Option CFDs and Countdowns will not be considered for the qualifying thresholds for trading rebates under all asset classes and holding cost rebates.
2. FX Active Accounts will not enjoy any trading rebates for FX CFDs trades and any corresponding holding cost rebates, but may still earn rebates on indices CFDs trades, shares CFDs trades, commodities CFDs trades and cryptocurrency CFDs trades.

Trading Rebates

1. Subject to any exclusions set out herein, if you achieve a tier Level in one asset class, you automatically qualify for Level 1 tier rebates for all other asset classes traded. There will be no automatic qualifications across asset classes for rebates above the Level 1 tiers. Rebates for tier Levels above the Level 1 tier for each asset class shall only be triggered in accordance with the monthly turnover thresholds for that particular asset class.
2. The rebate amount rate for a particular asset class will be calculated based on the highest tier Level achieved for that asset class.
3. We will aggregate all monthly turnover amounts for a particular asset class across all your Accounts registered to the same email address when determining the tier Level for rebates.
4. Your rebate will usually be credited to your Account within the first few days of the following calendar month.
5. Turnover (as defined below) and rebate amounts are calculated in USD and paid in your Account Currency.
